IN-STOCK

IN-STOCK BLACK OR WHITE VIMBELA

One size fits all | Closed / not stretched: 170 x 100mm | Stretched over nose and chin: 170 x 150mm | Plain - Single Layer | 160gsm Polyester based | Moisture Management Properties | Super lightweight, luxurious and soft fabric | Anti-static & Breathable | Washable & Quick-dry | Elastic bands to keep mask in position

Features: Reduce the risk of sneeze spray reaching someone else or from someone else's reaching the wearers nose or mouth | Reduces the risk of contracting the virus by creating a buffer when touching your nose or mouth.

Try not to touch the mask once it is secured on your face | If you must do so, wash your hands before & after touching the mask | Make use of elastic bands when putting on or taking off the mask | Avoid touching the mask itself, as this part may be contaminated | Wash daily in warm water with soap for 5 minutes or longer

This Sneeze Buffer has no "N" respiratory mask rating, nor any medical prevention rating of any sort.
